

Certificate of Recognition

On this date:

October 22, 2015

Is Presented to:

*Bostjan and Claudia
Jagodica*

Team Montage S.R.L.

To all who shall see these presents – Greetings!

On this date, L-3 Applied Technologies and Team Montage S.R. L. mark an important milestone. The first highly engineered equipment enclosures fabricated in Romania are functioning in full support of the Aegis Ashore Missile Defense Site in Deveselu.

This joint effort was accomplished while reconciling the fine points of quality assurance, technical standards, materials, and fabrication practices from both the United States and Romania. Together with the L-3 ATI project team, KBR commends the Team Montage professionals for exemplary performance.

Mulțumesc foarte mult!

Milt Taylor
L-3 ATI Quality Assurance Manager

Steve Jensen
L-3 ATI Project Manager

Wayne Lanham
KBR Senior Project Manager

Michael White
KBR Operations Director
